

Announcement

- HW 3 is due tonight!
- HW 4 is released
- Find your final project partners (a team of three)
- Register your team on [Piazza]
(<https://piazza.com/class/kovkwe85rjy4ec?cid=282>)

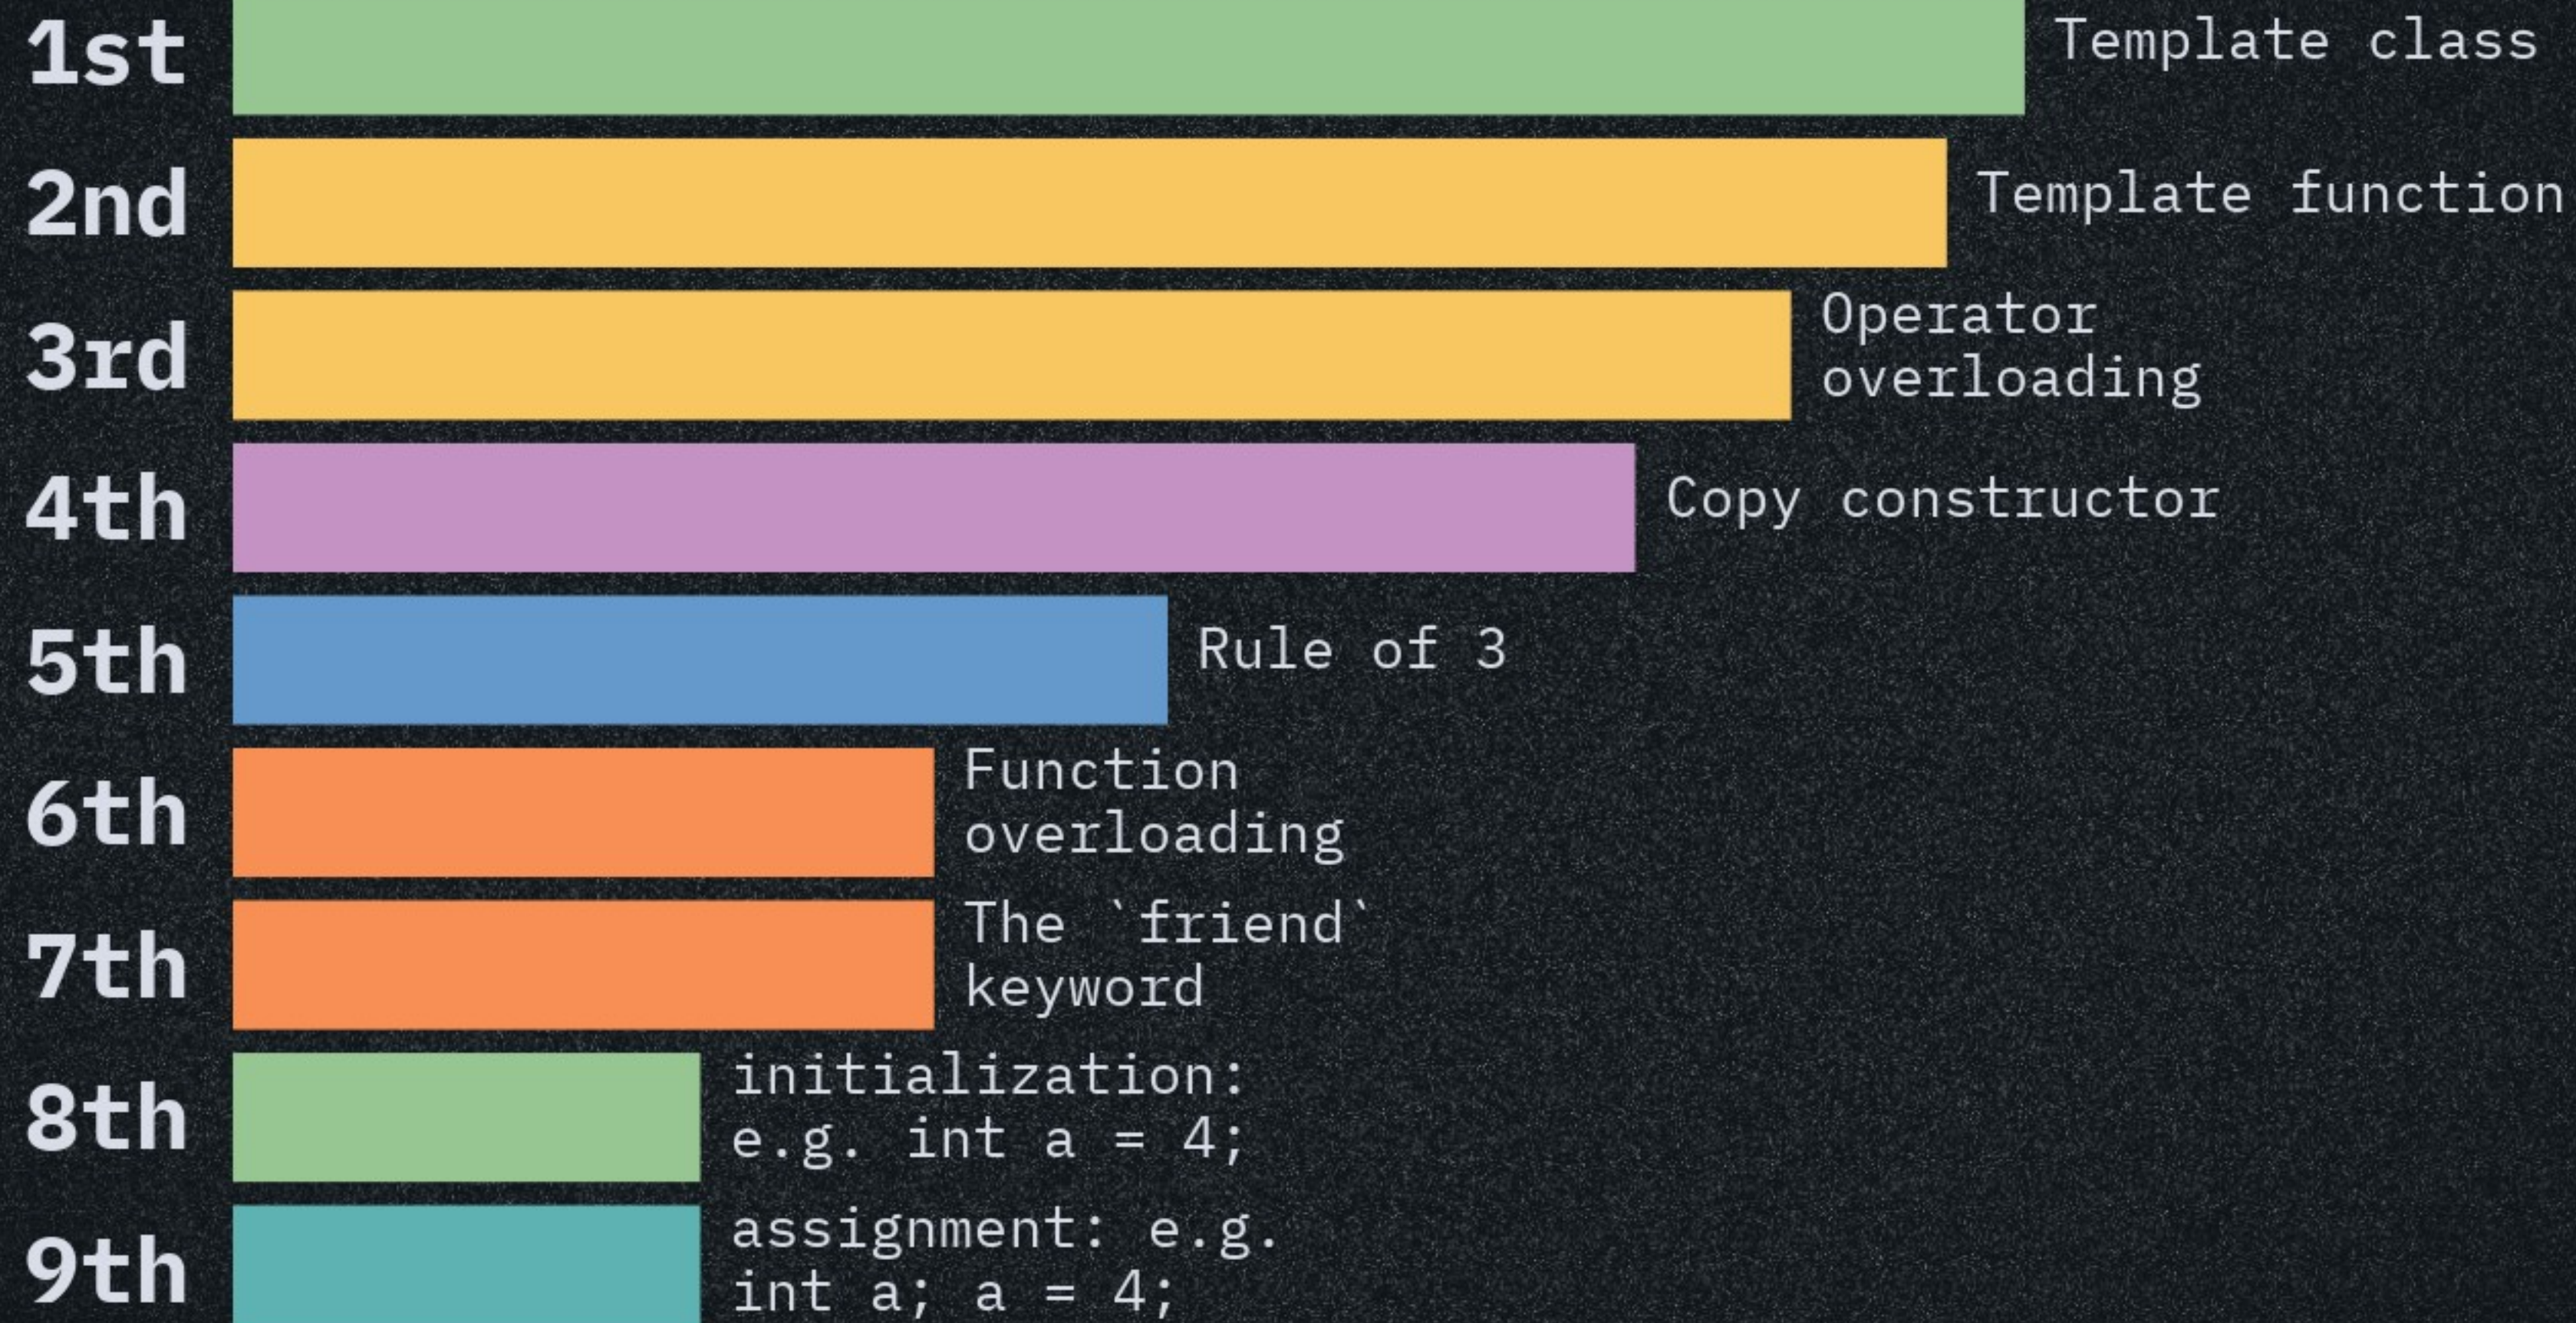

Today's plan

- Quick recap of today's content
- Day 15 class exercise

Rank by the unfamiliarity (think about if you can write an example for each of the below)

Ex 15 [Part 1: Operator overloading]

(<https://replit.com/@singchun/cs20-summer21-public#exercises/ex15/complex.cpp>)

Ex 15 [Part 2: C++ linked list class]

(https://replit.com/@singchun/cs20-summer21-public#exercises/ex15/int_set.cpp)

**Ex 15 [Part 3: Templated C++
linked list class]
([https://replit.com/@singchun/cs20-summer21-
public#exercises/ex15/my_set.inc](https://replit.com/@singchun/cs20-summer21-public#exercises/ex15/my_set.inc))**

Ask me anything
